

GIBSON FAMILY HEALTH CENTER EXPANSION & RENOVATION NEWBERRY, MICHIGAN

Scope: Expansion and renovation to the Gibson Family Health Center within the Helen Newberry Joy Hospital. Gundlach Champion was the Construction Manager and provided a Guaranteed Maximum Price to the Owner on this 30,000 square foot facility. The facility contains dialysis, physical therapy, exam rooms, an optical shop, and several conference rooms, in addition to office space. Construction also included an entrance canopy.

This project is an example of our ability to work around an existing facility that is occupied and operational. The project was completed on time and below the budget.

Owner: Helen Newberry Joy Hospital

Project Location: Newberry, MI

Architect: Beta Design Group

Project Cost: \$3.2 million

Project Duration: 12 months

Project Completed: March 2002
