

HIAWATHA BEHAVIORAL HEALTH SAULT STE. MARIE, MICHIGAN

Scope: Negotiated with GMP, self-performed concrete, masonry, structural steel and carpentry. This 24,000 square foot new office and clinic consists of a wood frame with split face masonry exterior. The clinic houses approximately sixty suites, several conference rooms, and a kitchenette and break room, along with clinic areas. In addition to the building, construction also included a lighted parking lot. The project was completed on time and under budget.

Owner: Chippewa Services Center

Project Location: Sault Ste. Marie, MI

Architect: Goudreau & Associates

Project Cost: \$2.9 million

Project Duration: 10 months

Project Completed: August 2002
